

Sherburne County Area United Way is committed to helping children and youth achieve their potential. Reading with your child, starting at birth, will help them gain a better understanding of the world and early reading skills.

Program Details:

Imagination Library sends a free, high quality, age-appropriate book each month to children from birth to age 5, right to their home. This program is offered at no cost to families and aims to ensure all children in our community enter kindergarten with strong early literacy skills.

"The books help remind me that it is important to take just a few minutes each day to spend time reading with my kids."

~Imagination Library Parent
