Resource Spotlight:

TABI Oasis

When a brain injury occurs, life can change instantly, for both the individual and their family. TABI Oasis (Traumatic & Acquired Brain Injury) provides immediate support during those first overwhelming days.

In Minnesota, more than 25 people are admitted to an ICU each day with a brain injury from causes such as TBI, stroke, aneurysm or brain tumor.

Serving families statewide, TABI Oasis offers a truly unique rapid-response program.

Families can be nominated through a simple online form. Within 24-48 hours, TABI Oasis may provide up to \$555 in emergency financial assistance to help cover urgent needs like meals, lodging, transportation, child care and other immediate expenses. TABI Oasis then stays connected to help families identify next steps.

If you know a family facing a brain injury crisis, help is just a call or click away.
